

WANDERER

Em C Em
 It's only been a year or so, but it seems so long ago,
 B7 Em
 I packed up my bags and left my home, been from Fresno to Maine,
 C Em C B7 Em
 Even worked a boat in Spain, I ain't ever had a bed to call my own.
 Em B7 Em
 Around this time of day I gets to feelin' low
 B7 Em-C-Em-C-Em
 And I'm wonderin' who's my baby's latest beau.

I have gambled and lost, I've been cussed by my boss
 Some city girl just took me for a ride, hope someday I'll get back
 To my little old country shack, settle down with my baby at my side.
 - Chorus:

Someday soon you hear, gonna save up my fare,
 Or maybe I'll just have to ride the rail,
 If that mornin' train is right, I'll be home before that night
 And I hope no one will have to go my bail ---Chorus.
